

INTERNSHIP: GRAPHIC DESIGNER

We are looking for an art & culture aficionado to join our team as graphic designer intern

INTK is a young and ambitious studio based in Utrecht. We are specialised in developing digital strategies for cultural organisations.

We work with several museums, theaters, film houses, castles, libraries, festivals, etc. Some of the cultural organisations we work with are: Van Gogh Museum, Stadsschouwburg Utrecht, Film Theater Hilversum, Kasteel de Haar, Bibliotheek Gelderland Zuid, Le Guess Who festival, etc.

Our mission is to change how people relate to culture. Forty years ago very few people worked out/participated in sports on a regular basis. Today, many people dedicate several hours a week to play sports. Inspired by the changes in the sports sector, we would like to bring a similar change to the cultural sector. It is our goal to encourage people who love culture to engage in cultural activities on a weekly basis. For example, we want to encourage people that love cinema to go to the movies every week.

We are currently looking for art & culture 'aficionado' interested in joining our team as web-designer

intern. We expect you to at least have one website in your portfolio.

- You will be part of the web-design process from concept to finish;
- You will work for a range of cultural institutions
- You will work with amazing content
- You will learn to deliver professional designs
- You will learn to communicate about design decisions
- You could work on autonomous assignment

Please do not feel too disappointed with our website. We know it needs a re-design. You will notice that we do not have a portfolio online. So in case you are interested in the work we do here are 3 websites we developed:

- <https://www.centraalmuseum.nl> (<https://www.centraalmuseum.nl/>)
- <https://www.kunsthalkade.nl> (<https://www.kunsthalkade.nl/>)
- <https://www.zeeuwmuseum.nl> (<https://www.zeeuwmuseum.nl/>)

You are:

- Student in creative higher education (HBO or equivalent);
- Interested in internet and digital technologies, up-to-date with the newest developments;
- Advanced skills in Illustrator, Indesign & Photoshop; the designs need to be delivered in PNG or Sketch files;
- Basic skills in HTML, CSS and CMS;
- Curious and driven to become an experienced web designer.

What we offer:

- Learning experience with webdesign in the cultural sector;
- An informal working environment with an international team of designers, software engineers and online strategists;
- Offices at the centre of Utrecht;
- Good mentorship.

Did we get your attention? Please send your motivation letter and portfolio to stage@intk.com. We already started the interviews so the earlier you send the email the better.

INTK
Beatrixgebouw 6de etage
Jaarbeursplein 6,
3521 AL Utrecht
